Public Water Systems/Interested Parties

NOTICE OF REVISION OF CALIFORNIA 2004 SDWSRF INTENDED USE PLAN

1. REVISED SET-ASIDE FOR CAPACITY DEVELOPMENT

The Department of Health Services has received approval of a budget change proposal to increase from \$2 million to \$2.4 million the amount of federal funds set-aside for purposes of capacity development from each SDWSRF capitalization grant application. As a result, the amount of the loan fund is being reduced by \$400,000, from \$85,762,112 to \$85,362,112. The Department has sufficient State overmatch for the federal Public Water System Supervision Grant to meet the increase in the 1:1 match requirement through current year overmatch and previous years' credit.

2. ADDENDUM TO IUP

In November 2004, USEPA adopted Classification Order No.: 5700.7, with an effective date of January 1, 2005. This order requires that the IUP include a correlation of the IUP with USEPA Strategic Plan Goals and Objectives. The Department of Health Services has prepared an Addendum to the Final 2004 IUP, California SDWSRF 2004 IUP -- Correlation to U.S. Environmental Protection Agency Strategic Plan Goals and Objectives. This topic will be included in future California Intended Use Plans as section VIII. U.S. Environmental Protection Agency Strategic Plan Goals and Objectives. Please refer to the Addendum attached.

Written comments on the revisions of the IUP may be submitted to DHS at: **Drinking Water State Revolving Fund Program (MS 7418); P.O. Box 997413; Sacramento, CA 95899-7413; Attn: Nadine Feletto; or via Fax (916) 449-5656.** Written comments must be received at the DWSRF Sacramento office by 5:00 p.m. on Wednesday, June 6, 2005, postmarked no later than June 6, 2005. Questions concerning the draft documents identified in this notice should be directed to Nadine Feletto at (916) 324-3995 or via email nfeletto@dhs.ca.gov.

Sincerely,

Stephen A. Woods, Chief
Safe Drinking Water State Revolving Fund and
Small Water System Section
